PRESENTS

## THE CORPORATE GOVERNANCE ONE DAY BOOT CAMP

**26 OCTOBER 2021 9:00 A.M. TO 5:00 P.M.**  
**(with 3 refreshment breaks)**

### OVERVIEW

Corporate governance throughout the world continues to be problematic. Stories regularly appear indicating that Boards and Directors are failing in their responsibilities to shareholders, investors and society at large. This is particularly disturbing because, without significant improvement, confidence in capital markets will wane and stakeholders of all sorts will increasingly lose confidence in their institutions. Fortunately, experience shows that a high performing board can make a crucial difference in the success of a company in periods of crisis and uncertainty. In good times and bad, a well-governed board can avert disaster, minimize risks, seize opportunities and provide continuity for the future
